### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest a medical bandaging product comprising "a reactive system impregnated into or coated onto the fabric, the system remaining stable when maintained in substantially moisture-free conditions and hardening upon exposure to sufficient moisture to form a self supporting structure having an immobilization value of less than about 43 pounds" in combination with the other recited elements of claim 1.

The prior art also fails to teach a cast tape comprising "a reactive system impregnated into or coated onto the fabric, the system remaining stable when maintained in substantially moisture-free conditions and hardening upon exposure to sufficient moisture to form a self supporting structure having an immobilization value of less than about 43" in combination with the other recited elements of claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Information Disclosure Statement***

2. The information disclosure statement filed 8/29/08 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because it is not signed. It has been

placed in the application file, but the information referred to therein has not been considered as to the merits.

Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure because the cited references disclose immobilization devices having an expressly recited immobilization value.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kim M. Lewis whose telephone number is (571) 272-4796. The examiner can normally be reached on Wednesday to Friday, from 5:30 am to 4:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patricia Bianco, can be reached on (571) 272-4940. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
